Recommendation Letter

It is my pleasure to write this recommendation letter for Kazakhstan New Technologies LLP.

Since 2021, Kazakhstan New Technologies LLP have been providing electrical and mechanical manpower services for Future Grow Project in 3GP Plant, Tengiz O&G Field, Kazakhstan. For the time of our collaboration, we confirm that we are very pleased and satisfied with their work.

Kazakhstan New Technologies LLP's onsite and offsite personnel were being very professional, friendly, and responsive, what makes them dependable and reliable as a contractor. They were closing gaps in positions acting promptly and effectively.

Kazakhstan New Technologies LLP's a professional service has added benefit to the Project's success, and I wish them continued success and hope to work with them on other opportunities in the future.
